

Lovibond® Colour Measurement Tintometer® Group

Set di filtri numero di colore Hazen - EC 2000

N. ordine: 135150

Conformance filters are assigned a nominal value and the company always endeavours to match this value as closely as possible. On occasion, because of the unique manner of the glass making process, it may not be possible to match the requested values exactly. The values achieved and the performance tolerances expected will, of course, always be reported.

Set di filtri numero di colore Hazen - EC 2000

Glass conformance filters for checking Pt-Co scale on EC 2000 PT-Co.
