

Lovibond® Colour Measurement Tintometer® Group

ASTM Color Filter Set (PFXi195)

Part Number: 139810

Conformance filters are assigned a nominal value and the company always endeavors to match this value as closely as possible. On occasion, because of the unique manner of the glass making process, it may not be possible to match the requested values exactly. The values achieved and the performance tolerances expected will, of course, always be reported.

ASTM Color Filter Set (PFXi195)

A set of three conformance filters to check the PFXi instruments in ASTM D1500 scale.
